1. INTRODUCTION

1.1. Welcome message from Max Rendina

It is a great pleasure to welcome competitors, teams, officials and fans to the 2026 edition of Rally di Roma Capitale, an event that continues to grow, evolve and set new standards within European rallying.

This year's edition represents an exciting new chapter in the history of the rally. While remaining true to the values and identity that have made it one of the most prestigious events on the FIA European Rally Championship and the Campionato Italiano Assoluto Rally Sparco calendar, the 2026 Rally di Roma Capitale introduces a number of important innovations designed to offer an even more spectacular experience for competitors and spectators alike.

A completely renewed itinerary will lead crews through new territories and some of the most captivating roads in Central Italy. Several new special stages will make their debut this year, adding fresh challenges and new sporting interest to a rally that has always been appreciated for its technical quality and variety. At the same time, the event continues to showcase the extraordinary beauty of our region, combining world-class competition with the unique landscapes, culture and heritage that make this part of Italy so special.

Another major highlight of the 2026 edition will be the introduction of a remarkable new venue for the Rally HQ and the finish ceremony. Set against one of the most iconic backdrops in the world, it will provide a fitting stage to celebrate the achievements of the crews and further strengthen the bond between the rally and the city of Rome.

Despite these exciting changes, the philosophy behind Rally di Roma Capitale remains unchanged. The commitment of the organisers, institutions, volunteers, partners and sponsors continues to be driven by the same ambition that has guided the event from the very beginning: to deliver the highest possible standards, to innovate, and to offer an unforgettable experience for everyone involved.

I would like to express my sincere gratitude to all those whose dedication and passion have made this edition possible. Their work allows Rally di Roma Capitale to continue growing while preserving the spirit that has become its trademark.

I wish all competitors a successful rally, all spectators a memorable experience, and everyone involved an enjoyable and rewarding event.

May Rally di Roma Capitale 2026 once again demonstrate the passion, excellence and determination that define both our sport and our territory.

Max Rendina

21. WASTE MANAGEMENT RULES

SERVICE PARK WASTE MANAGEMENT RULES:

Let's **Go Green** Together

RALLY DI ROMA ENVIRONMENTAL POLICY

Rally di Roma is committed to reducing the environmental impact of motorsport events, promoting sustainable practices, and raising awareness of environmental issues. In a context of growing concern about the environment and climate change, we feel a responsibility to minimize our impact and demonstrate a concrete commitment to sustainability.

By adopting green practices, Rally di Roma aims to inspire participants and other organizations to adopt similar behaviors, strengthening its reputation and attracting an increasingly environmentally conscious audience.

To achieve these goals, we are committed to:

- Minimizing waste production and, where possible, avoiding it altogether, promoting reduction, reuse, and recycling.
- Implementing separate waste collection and informing all stakeholders about the correct methods of waste disposal in all places affected by the event.
- Setting up mandatory recycling areas in the Service Park and in the Special Stages for the collection of polluting substances in special containers.
- Raising awareness among spectators about the importance of reducing environmental impact.

Together, we can contribute to a more sustainable future for motorsport and for our planet.

Rally di Roma is taking a proactive approach to minimizing its environmental impact through several key initiatives. We aim to eliminate single-use plastic cups and bottles from our event, replacing them with eco-friendly alternatives like paper cups and FIUGGI Paper bottles. Additionally, we are committed to reducing vehicle travel by promoting the use of hybrid and electric vehicles, and optimizing shared transportation options.

We encourage all participants and spectators to join us in our efforts to create a more sustainable event. Please dispose of your waste responsibly in the designated bins (compostable, recyclable, or general waste) and take any rubbish with you when spectating on the stages.

At Rally di Roma, we believe that reducing our environmental footprint is essential for protecting our planet, raising awareness about environmental issues, and promoting sustainable practices in motorsport and beyond.
