Section 5

Section 6

**“Il tuo atteggiamento fa la differenza”**

**“L’ambiente te ne sarà grato”**

*“Ci stiamo sforzando di attuare una politica consapevole e responsabile per ridurre al minimo l’impatto ambientale del Rally di Roma”*

*“Il tuo coinvolgimento è necessario per raggiungere gli obiettivi che ci siamo posti”*

**Siamo ospitati in aree di particolare pregio faunistico ed ambientale soggette ad elevato rischio boschivo, aiutateci a salvaguardare la loro integrità.**

**“You can make the difference”**

**“The Environment will be grateful”**

*“We are trying to keep at a minimum the impact of the Rome Rally by adopting a responsible environmental policy”*

*“Your commitment is necessary to reach our goals.”*

**The Rome Rally takes place in an area of great environmental and wildlife value, subject to high fire risk. Please, help us protect the integrity of this site.**

**Previene gli Incendi**

Fai attenzione a buttare le ceneri di sigarette in luoghi dove possono risultare una fonte di incendio. Un ottimo sistema per spegnere la sigaretta è quello di spegnerla in un bicchiere di acqua. Non parcheggiare mai il veicolo sulla vegetazione secca, indipendentemente da quale tipologia di veicoli usi. È importante essere consapevoli che il calore dallo scarico può causare l’innescare di un incendio.

**Prevent fires**

Dispose of cigarettes in places where they cannot be a source of ignition. Extinguishing cigarettes in water after use is a great way to prevent fires. Be mindful of the role vehicles can play in starting wildfires. Never park any type of vehicle on dry vegetation; the heat from the exhaust pipe can cause it to ignite.

**Bevi acqua in bottiglie riutilizzabili**

**Drink water in reusable bottles**

**Risparmia l’acqua e fai attenzione a chiudere (bene) i rubinetti**

**Save water: turn off the tap**

**Raccogli in modo differenziato i rifiuti e smaltiscili nei rispettivi contenitori**

Aiuta il riciclaggio dei rifiuti, utilizzando gli appositi contenitori che trovi nel parco assistenza. Utilizza idonei contenitori stagni per favorire la raccolta e lo smaltimento di materiali esausti (oli, fluidi, filtri, batterie, lampadine e materiali elettrici).

**Sort your waste and dispose of it in the appropriate bins.**

**Help recycling of waste materials by using the appropriate containers located in the area of the event for the collection of oil, fluids, filters, batteries, light bulbs and electric materials.**

**Utilizza materiali biodegradabili e scegli borse riutilizzabili**

I materiali biodegradabili e riutilizzabili sono più resistenti, economici e durevoli.

**Choose reusable bags and biodegradable materials**

**Biodegradable and reusable materials are resistant, cheap and long-lasting.**

**Riduci gli impatti ambientali utilizzando fonti di energia rinnovabili e mezzi di trasporto sostenibili, per quanto possibile**

**Save energy, turn to renewable energy sources, use sustainable means of transport**

**Dematerializza la documentazione cartacea rendendola disponibile on-line**

Evita la stampa di migliaia di fogli di carta, altrimenti usa solo carta riciclata.

**Make as many as possible documents available online**

**Avoid printing as much as possible. Prefer using recycled paper.**

## RALLY DI ROMA ENVIRONMENTAL POLICY

We at Rally di Roma recognize that It is important for motorsport events to reduce their environmental.

We have decided that our goal should be that Rally di Roma as a motorsport events should serve as a platform to raise awareness about environmental issues and promote sustainable practices. By demonstrating a commitment to reducing our environmental impact and promoting sustainable practices, Rally di Roma can inspire attendees and other organizations to adopt similar practices.

Furthermore, with growing public concern about the environment and climate change, we have a responsibility to minimize their environmental impact and demonstrate a commitment to sustainability. By taking steps to reduce our environmental impact, rally di Roma can enhance his reputation, attract more environmentally conscious attendees, and contribute to a more sustainable future.

- o Minimize and, wherever possible, avoid waste generation, promoting reduction, reuse and recycling management priorities.
- o When it is not possible to reduce the generation of waste, disseminate to all stakeholders of the event the implementation of the selective collection, through the correct disposal of waste for subsequent collection and proper disposal of waste at all places of passage of the event.
- o To set-up in the Service Park a recycling area of compulsory use by all teams, in order to place all generated polluting substances in adequate containers.
- o To set-up in the Special Stages a recycling area in order to place all generated polluting substances in adequate containers.
- o To raise awareness among spectators attending the special stages about the need to reduce environment.

o To remove all single-use plastic cups from the catering in the Service Park, making it compulsory to use paper ones.

o To remove all single-use plastic bottles from end of stage making compulsory the use of FIUGGI Paper bottle.

o To reduce vehicle travels by the organisation as much as possible, and to promote the use of hybrid (fuel/CNG) and electric vehicles, optimising the use of shared vehicles.

Keep an eye out for our sustainable initiatives on event, and please ensure that you help us to achieve our goals by disposing of your waste in the correct place (compostables, recyclables or general waste), taking any rubbish with you when spectating on stages.

We at Rally di Roma recognize that reducing the environmental impact of Rally di Roma is important for protecting the environment, raising awareness about environmental issues, and promoting sustainable practices.
